Greetings! My name is Chaurcey Boyd. I am a Minister of Jesus Christ, the only hope for a heavenly life for humankind. I am also a state regulated Insurance Agent, military veteran, and honored citizen of this imperfect but great nation. My mission is two-fold: (1) Life Assurance (why and how of living, and where we end up) and (2) Life Insurance (resourcing life). Your donations & purchases would support my two-fold mission. Donations may be made by mail or via above website.

Life Assurance is the confidence, certainty, trust, hope, and faith one has in God's love as embodied in the personage of Jesus Christ. The Holy Bible and Life itself teach us that it is appointed unto men once to die. The scriptures further teach us all will be judged for what he/she has done while on this earth. Yet, praise God, the scriptures also teach us that Jesus Christ was once offered for the sins of many to give Life Assurance. (Hebrews 9:27-28; Titus 2:14). For spiritual help (e.g., prayer, bible study, church attendance) or information on my ministry including media, and conferences please see above website or contact me using any of the above listed methods.

Life Insurance provides some measure of protection against the financial effect of sin on our earthly lives. It assists family members with financial peace of mind during times of death. Taking steps to relieve your love ones of financial burdens associated with burial expenses and to ease future living expenses is the loving and responsible thing to do. We offer policies for those in good health as well as not so good health. With our low-cost life insurance, during time of life emergencies you can also in some cases take out loans against built up cash value. Children can have a policy of their own, or in some cases, children can be added to parents/grandparents policies. If you cancel within 30 days of policy issue, we will return the initial premium you paid with no questions asked. Everyone should **periodically review** their life insurance coverage since obligations/responsibilities change over time, e.g., marriage, children born, bought a house. I can help you do that very quickly at your home, our office by appointment at **122 East Broad St., Suite 106, Texarkana, AR 71854**, or other location at your convenience. Insurance products other than life insurance are also available, e. g., disability, cancer.

Please fill out the form below and mail or otherwise contact me to set up a time to visit or receive more information. Form may be filled out online instead at the above website. As an independent agent, I am able to work with multiple government regulated **stable** national insurance companies to get you the best policy for your needs. A major company I work with has been in business since **1890**.
